PROJECTS

Simon Game

Used HTML, CSS and Javascript.

Developed and launched an engaging Simon game application, utilizing JavaScript, HTML, and CSS for functionality and interactivity. Collaborated with artists and sound designers to integrate high-quality graphics and audio, while ensuring cross-platform compatibility.

Click Key Drum Stick

Designed and developed an interactive Click Key Drum Stick application, combining my programming skills in JavaScript, HTML, and CSS. Created a user-friendly interface allowing users to simulate playing drums by clicking on virtual drumsticks.

Dice Game

Developed an exciting Dice Game application utilizing JavaScript, HTML, and CSS for game mechanics and user interface. Implemented random dice roll logic and intuitive player interactions to create an immersive gaming experience.
